Wedding(Post-wedding party) - There were around 30 people attending a party after a friend's wedding. I was able to use the Opioid presentation when they were making party plans. We also talked about the free Narcan that you could get which nobody knew about.

Work - I work in an animal hospital and discussed Xylazine usage and the trending data regarding it's misuse in humans. I was able to suggest better ways to store the Xylazine and suggest a drug use log even though it is not currently considered a controlled substance.

1. Shared it on my social media platforms.
 2. Passed it out to the local sports groups my son participated in.
 3. Sent some to my son school to his teachers to discuss.
 4. Spoke on it at a church event .

Q1

List any MHA activities you've done in October 2023. Please provide a detailed account of the activity including the location or platform, what information was shared, and any other pertinent details. Be sure to send any pictures, flyers, etc. via email as well! Examples: community presentations, shared on social media, sent emails to colleagues, etc.

I was unable to access the slides. It would not open and contacted Jessica but received no response. I shared what I remembered from the meeting on the company's Facebook page, my personal Facebook page publicly, email to Head Start parents, and staff of Community Action of South MS.

This month's MS Health Initiative meeting was regarding the opioid crisis in MS. Fentanyl is a huge concern in MS. It is now being laced with other drugs sold on the street. The Health Initiative advised against taking any prescription drugs that are not purchased from a pharmacy. Fentanyl has also been found in other more common street drugs such as marijuana, and cocaine. Fentanyl can be transferred from body sweat to door handles and picked up by the next person. It is highly unlikely that anyone who comes in contact with Fentanyl (even a small dose) will survive it.

For this reason, the MS Dept. of Health recommends that a Narcon (Naloxone) kit be in every household. A Narcon kit will be the first aid to help a person with fentanyl poisoning. You could save a life!

Request a Naloxone kit from the MSDH. It will be mailed directly to your home: <https://odfree.org/get-naloxone/>

What is Naloxone?

Naloxone is a medication that can reverse an overdose of opioids — including fentanyl. If you or someone you know is at risk of an opioid overdose, speak with your doctor or pharmacist about obtaining naloxone to carry and keep at home. A prescription is not required.

Signs of an overdose:

- Small, constricted "pinpoint pupils"
- The face is extremely pale and/or feels cold or clammy to the touch
- Body goes limp
- Fingernails or lips have a purple or blue color
- Vomiting or making gurgling noises
- Cannot be awakened or unable to speak
- Breathing or heartbeat slows or stops

How to save a life:

1. Call 911 right away
2. Try to wake the person up
3. Give naloxone, if available
4. Begin rescue breathing or CPR
5. Turn the person on their side to prevent choking
6. Stay with the person until emergency services arrive

Please share this information with everyone you know. Fentanyl dangers are everywhere!

I have just started as a Mississippi Health Ambassador, so I am trying new ways in spreading information throughout my community! I have discussed things I learned in the presentation with my peers back home, and I am currently working on engaging infographics to share with them! I have also been in contact with my former school nurse about potentially speaking to a few classes when I go back home for break!

I shared information about the free narcan kits as well as information on current opioid and polysubstance trends health professionals are seeing with my friends, family, co-workers and with college students at Southern Miss where I work. I also registered to receive a free Narcan kit for my home and watched the safety briefing so I can better help others and spot potential overdose victims in need of assistance.

I have told everyone that would listen to me concerning this program. Bible Study group of about twelve and even at the beauty shop where there was 7 present. This program was so informative and very distributing at the same time.

Q2

How many people did you reach with your activity? (Please enter a whole number in the box below; ex: 65)

I have a young lady who has prayed for her mother to go into a treatment program because she fears her mother is going to die from a drug overdose. She had made arrangements for her to go to Arkansas but because they took too long the Mother backed out and it has devastated this young lady. I was trying to find her somewhere for counseling and thought of Stand Up Mississippi after hearing Ms.Charlotte last week. I called and asked to speak to her and was told she was in Hattiesburg at a training. I asked if she would be in Wednesday and they told me yes. I guess I kept asking g so many questions the lady who answered the phone wanted to know what did I want. So I told her so she said ms Charlotte was not the right person I needed to talk to another department. I think she said Consumer Supprt would be who I needed to talk to. She transferred to that department. I told the young lady what I needed and was told we needed to go to the Courthouse and declare her crazy I guess and the age could enter a rehab program. That sounded like the program where u gave someone committed to Whitfield. Well I told her I was looking for counseling for the daughter and she asked me what county I was from and I told her Copiah. She then gave me another number to call to find out how our county would pay for the counseling. She told me the receptionist would tell how true funds are provided. I was so tried by then I did not call. This was nothing like what we had bed. Told on our zoom meeting. When you are transferred and then u are told to call someone else it sounded like to run around to me. I am so disappointed in Stand Up Mississippi because u did not stand up today you failed. I am not giving up because I know there is someone out there that help this young lady.

I discussed "Be the One" with the American Legion post 79 and have contacted national to get approval to purchase a "Be the One" banner to hang outside our building. We talked about suicide rate, not only for military, but children also. I have shared "Be the One" numerous times on Facebook. I received my flu & Covid shots and reminded members of my book club and Auxiliary that we have to stay vigilant about both.

Be sure to send any pictures, flyers, etc. via email as well! Examples: community presentations, shared on social media, sent emails to colleagues, etc.

I thoroughly enjoyed my first ambassador meeting and could not wait to spread the information we discussed with my colleagues at work and the patients I encountered in the hospital and clinic. Since this was my first time disseminating the knowledge learned on the call, I used group and one-on-one discussions to spread the information throughout the community. I took advantage of other preplanned meetings and appointments and discussed the opioid crisis, polysubstance abuse, and well as the new respiratory virus season. The respiratory virus season garnered the most questions as people are concerned about Covid resurfacing and the need for another possible booster shot. With the information given, I could answer all the community's questions.

Shared information about the newest COVID-19 booster at several medical and mental health facilities to individuals who are Deaf. Walked a few folks through the process of getting their flu shots. Several indicated that they will get the COVID booster at a later date.

I was able to explain in detail regarding the reason why their doctor wanted them to fill prescriptions for Narcan. These are patients who have prescriptions for very strong pain medication. Their doctors prescribing Narcan for them to have on hand so that if someone were to overdose on their medication (purposefully or not), they would have Narcan on hand.

Because of the confidential nature of my work, I am unable to supply exact names, dates, places.

Verbal presentation during a meeting when presenting about myself. I plugged it in when I discussed organizations I am apart of. The members I mostly spoke to were of age 18-24 and a couple were between the age of 45-54. Unfortunately, I couldn't take pictures during this event as it was private but for the future, I will endeavor in doing so. However, I do have the PowerPoint.
